QUARTER OF GOAL
RC Drive Underway

The Red Cross drive thermometer neared the quarter mark of its $3,100 goal Wednesday morning with $725.54 turned into treasurer Mrs. Walter Lester. The drive began Monday and officially ends Saturday.

The Monday night door-to-door campaign garnered $485.79, according to Forrest Sapp, North Milam Red Cross drive chairman.

About 100 Cameron civic, church and school group women called on Cameron residential areas, Sapp said.

Marak was the first North Milam community to report and turned in $52.25, over the community's 100 per cent goal. Marak drive workers are Mr. and Mrs. A. J. Tomek.

10 LOCAL DRIVES

About 10 other communities are conducting drives this week toward individual goals, H. D. Maxwell, rural drive chairman, told The Herald. They include: Buckholts, Ad Hall, Salem, Maysfield, Branchville, Ben Arnold, Burlington, Clarkson, Baileyville and Yarrelton.

Sapp urged Cameron business district workers to make their contacts by Saturday. Contributions from the business community thus far turned in are: $170.50 of an approximate $1350 goal. Yoe High teachers contributed $17.

A house - to - house drive was scheduled to be completed in the Cameron Negro community Wednesday night, Sapp reported. Mrs. Hazel Whiteside is in charge.

"If we make all our contacts," Sapp said, "we can go over the top. Making those calls is the thing."

Contributions are to be turned in by drive workers or voluntary contributors at the County superintendent's office, Milam Court - house, Sapp reminded.

The fund drive chairman wished to thank the 100 or more women who aided the house - to - house drive and their 11 team captains: Mrs. Monroe Fuchs, Mrs. Willie Falkner, Mrs. Frank Ehler, Mrs. Don Humble, Mrs. F. E. Jackson, Mrs. Bartow Jackson, Mrs. W. C. Wallace, Mrs. George Hollas, Mrs. Lewis Hollas, Mrs. Robert Ellett, and Mrs. Alton Fuchs.

NINE LADIES GROUPS

They represented: Three Arts Club, Delphian Club, Fleur - delis Garden Club, Civic Garden Club, Cameron Business & Professional women, Pleasure & Profit Club, Cameron Parent - Teachers Association, Cameron History Club and St. Monica's Christian Ladies and Mothers Society.

The $3,100 when reached, will be used for sustaining the North Milam blood program which last year brought 859 pints to Cameron hospitals while Cameron residents donated only about 189 pints of blood.

In an emergency drive last year, the blood program was saved.

Other uses for the Red Cross funds include: emergency funds for disaster areas, emergency service furloughs, a Rockdale Red Cross office and special courses in swimming, life saving and first aid.

The Red Cross thermometer has been erected on the Courthouse lawn and will be marked daily as contributions from Cameron and the various communities arrive, Sapp noted.

He urged everyone to continue their outstanding support of the North Milam Red Cross program.

Baileyville, Ted Ford, chairman, reported $60 contributions from 10 families in that community. This was 100 per cent of their goal.

104
By FML

The Red Cross is steaming along toward its goal of $3,100. It had reached the quarter mark at press time.

104 - 104 - 104

We looked out the window the other day and saw a city employee ax in his hand, chopping away in the middle of the asphalt street. Perplexed for a moment, we finally figured out that samples of existing paving were being taken for the Fort Worth engineering firm making estimates on cost of new downtown paving.

104 - 104 - 104

Life wouldn't be complete without those long walks. Daughter Leslie, an ambitious 3, strided off confidently to the John Henderson Jr., residence about noon Monday.

Her Mother didn't know about it until a phone call so informed her. Can't imagine why the concern. Les had only walked from the 700 block of East Eighth to 900 block North Austin.

104 - 104 - 104

Cameron lost a good man in O. B. Horstmann's passing earlier this week. As Rev. C. A. West said, "Biz" Horstmann exemplified living the good life, a real achievement.

104 - 104 - 104

CLICHE' — (But the truth) "Time heals everything but wrinkles."

Cameron Now Has 'Numismatist' Shop

Mr. Fred Jackson will officially open the Cen - Tex Coin Mart in Cameron Monday, April 1.

The Coin Mart, only one of its kind in this area, will be located in the Citizens National Bank Building. Mr. Jackson said that the coin mart would buy, sell and exchange old coins.

Contract Let For Construction To Valley Mills Firm

A contract for 2.489 miles of construction on US 79 in Milam County has been awarded to Valley Mills firm, it was announced in Austin this week by the State Highway Commission.

Subject to the concurrence of the Bureau of Public Roads Fred Hall and Sons submitted the low bid of $318,995 on the project. Grading, structures, foundation course, flexible base, and asphaltic concrete pavement from 1.9 miles west of Milano to 1.0 mile east of Milano is expected to take 150 working days, according to C. B. Thames District Highway Engineer at Bryan.

Carol D. Zeigler, Resident Engineer at Hearne will be in active charge of the project while it is under construction.

AN EDITORIAL
Vote FOR City Library Fund

The wisdom of Cameron's City Council to ask the people what they think of supporting a library was not all passed from father to son. Much of it was learned from books.

And that is what The Cameron Herald recommends to the people, the property owners, the voters of Cameron: Vote for books, vote for your children and grandchildren, vote for the maintenance fund in the library referendum Tuesday, April 2.

Is $1 to $1.50 per year per property owner too much to support an improving civic advantage, an industrial attraction, a culture center, a haven of learning? Of course not!

Most of us dawdle away that much every week for chewing gum, cigaretes and what have you.

Who benefits? That's easy! It is the youngsters who need outside reading material, research resources, pre - school books and other kinds of reading.

It is the oldsters who can find local and state newspapers fresh on the shelves of Cameron Public Library every day except Sunday.

It is the sick and elderly who can get special books while in their hospital or resthome through the Cameron Public Library.

It is the rest of us who are looking for some novel or factual materiai not available in our home.

This is a maintenance fund to support, not build a library. Plans call for a building program later which has no connection with public financing.

This is a maintenance fund to make a meeting place available any day of the week to small groups wishing to find a meeting place.

This is a maintenance fund to improve the store of books already on hand, to assure librarian service, to sustain a public facility little used by some, but used often by many others.

This is $2,500 that the City of Cameron can provide yearly to a growing need, not a diminishing need.

We cannot close our eyes as a city or as individuals to the fantastic possibilities of tomorrow learned through the books of today.

And many of those books are in Cameron Library.

It is your Library just as the schools are your schools. To be proud of either, you should support them.

We advise: Ask your pastor, ask that college graduate, ask yourself: "Where did I get my interest in learning, indeed, in life?"

"I read about it one time!" Or, "I remember my Mother reading to me . . . "

There is your answer, the same wise answer that voting for the library maintenance fund can give . . . the same wise answer the Cameron City Council and all the thinking people of Cameron have reached about the importance of sustaining a library.

Voters To Decide Library Fund Fate

City voters will vote on a separate "Library Maintenance Fund Referendum" ballot Tuesday at City Hall polls.

Also being voted on are three Council posts, one contested.

They can register their interest for or against the City Council authorizing a special $2,500 maintenance fund for the Cameron Public Library, 112 E. First St.

Approval would mean a 5 cents per $100 valuation increase in taxes, but would be less than a $1.50 per year for the average property owner. Average property valuation per parcel is under $2,000, city records show.

A story hour is scheduled for Cameron Library 10:30 a. m. Saturday with Mrs. James Wiggs presenting "Hanzel and Gretel."

Other story hours for youngsters 5-9 will be scheduled each Saturday morning.

Planned additions to the Cameron Library include an art display of local artists' canvases and prospects for copies of old masters' for permanent display, Miss Mildred Thornton, Library Board president said.

Board member E. A. Perrin has been presenting talks to various community organizations in be - half of the library fund, explaining the need to support the present operation, once supported by funds from the North Milam United Fund

20 May Participate
Milam Revival Organizing

Plans for a county - wide, simultaneous revival in about 20 churches took shape this week in Cameron, Rockdale and other Milam communities.

A survey of Cameron churches showed thus far that about seven churches, of six denominations, were planning some special type of program during the April 7-14 "Milam County For Christ" week.

A steering committee of Cameron and Rockdale clergymen forwarded the program in February, organizing a publicity committee of newsmen and clergy, headed by the Rev. J. N. Foreman, pastor of the First Baptist Church in Rockdale.

About 60 representatives of 19 Milam church groups met in February at Cameron First Baptist Church to review prospects for the pre - Easter program.

Thus far area churches here reported:

FIRST BAPTIST — Dr. John W. Cobb, guest speaker for week of services 7 a. m. and 7:30 p. m. daily. He is professor of Bible at the University of Corpus Christi, the Rev. Aubrey Russell, church pastor, reports.

FIRST CHRISTIAN — A week of meetings with young people's pro - gram Tuesday and Thursday communion. No guest speaker is scheduled, according to the Rev. Kenneth Haley.

FIRST METHODIST — The Rev. Karl O. Bayer, of Bryan, will be speaker a week's revival 7 a. m. and 7:30 p. m. daily. Special music is planned, the Rev. C. A. West notes.

FIRST PRESBYTERIAN — Plans are in the making, according to the Rev. Eugene Strickland, church pastor.

GOSPEL TABERNACLE — Current nightly revival will continue through the pre - Easter week, the Rev. H. M. Bowley reports.

Rev. Strickland, president of the Cameron Ministerial Alliance, coordinater with its Rockdale counterpart, told The Herald that a number of churches are planning programs including those in the rural communities.

He said many will have combined services.

About six Rockdale churches already have scheduled services, according to officials.

SAN GABRIEL BAPTIST — Services will be held jointly with the San Gabriel Christian Church, according to the Rev. Billy Parmer with special and layman speakers.

SOUTH ELM BAPTIST — Special services 8 p. m. nightly April 11-14 with Harrison McLerran, pastor.

BEN ARNOLD BAPTIST — Special services 7:30 p. m. nightly April 7-10 with Mr. McLerran, pastor.

Maysfield Methodist and Presbyterian churches are planning special services during the week of April 7-14, Rev. Strickland said, as is the Minerva Methodist Church.

Election Due Tues. For City, Library

LAST RITES HELD FOR A. N. GREEN, FORMER MAYOR

Last rites were held for A. N. Green, 90, former Milam state representative and Cameron mayor, Saturday at Green Funeral Home chapel.

The Rev. Aubrey F. Russell officiated at the services. Burial was in Oak Hill Cemetery.

Green died early Friday morning following a long illness.

Born in Huntsville, Ala., Green served as mayor of Cameron from 1950 to 1952. He was state representative during the early 1940's. He was a former president of the First National Bank of Cameron, Cameron School Board member and city councilman.

Surviving are: two daughters, Miss Louise Green, of Cameron, and Mrs. Pauline Montgomery, of Oklahoma City; two sons, Joseph Nelson Green, of Amarillo, and A. E. Green, of California; three brothers, Leland Green, Sr., of Cameron, John C. Green Sr., of Rosebud, and W. Leslie Green, of Lubbock and five grandchildren.

Services Held Monday For Five Wreck Victims

R. V. Holloway, 42, his wife, Mrs. Melba Holloway, 22 and three children, Tammie Lee Holloway 3, Michael Wayne Holloway 1 and Pamela Joe Hollaway, 5 months, were killed in an automobile accident in Houston Friday about 3 p. m.

Funeral services were held 4 p. m. Monday from the chapel of Green's Funeral Home, Cameron. Rev. H. M. Bowley officiated. Burial was in Oak Hill Cemetery.

Surviving Holloway are one son Billy Wayne Holloway of Houston; his parents Mr. and Mrs. H. M. Holloway of Houston; three brothers, Raymond Holloway, Billy Ray Holloway and John Denson Holloway all of Houston; six sisters, Mrs. Kenneth Steele, Mrs. Wayne Gibbs, Mrs. Joe Webb, Miss Nila Lynn Holloway all of Houston, Mrs Harvey G. Sikes of Ft. Bragg, N. C., and Mrs. Daniel Janes of Ft. Hood.

Surviving Mrs. Holloway are her mother Mrs. Marie Houfford; two brothers Wilburn Houfford and Pat Houffard; one sister Mrs. Joe Hibbard all of Houston and her maternal grandparents.

Surviving the children are their paternal grandparents and their maternal grandmother. Also a half brother, Billy Wayne Holloway.

Yoe Teacher Wins Merit Fellowship

Fred T. Johns, physics teacher at Yoe High School, Cameron, has been awarded a Shell Merit Fellowship for advanced study this summer at Stanford University.

C. P. Bristol, vice president of Shell Oil Company, Houston, in making the announcement, said Johns is one of 100 outstanding high school science and mathematics teachers from the United States & Canada to attend the 1963 graduate - level seminars at Cornell and Stanford Universities.

Both schools made their selections on the basis of merit and demonstrated leadership qualities from approximately 1,000 applicants.

While at Stanford, Johns and other teachers will receive advanced training in mathematics, chemistry, physics and educational techniques, as well as firsthand knowledge of the applications of science and mathematics in industry. Lectures by distinguished mathematicians and scientists and weekly field trips to research laboratories and industrial plants are included in the seminar program, Bristol said.

Johns will be encouraged to devote time to any phase of his work at Yoe High School which he feels requires special research or attention.

The seminars were established eight years ago by the Shell Companies Foundation, Incorporated, to help maintain the quality of the nation's scientific effort. The summer seminars are designed to enable high school teachers to keep up with new knowledge in their fields and with advances in teaching techniques. Including this year' award winners, 750 teachers will have attended the seminars since the program was started.

Johns and other educators selected to attend the seminars will receive from the Shell Foundation a travel allowance, tuition costs, living expenses, and $500 additional cash to offset loss of potential summer earnings, Bristol said. The Cornell seminar will be from June 26 to August 8, and the Stanford seminar from June 24 to August 15. Fifty teachers attend each seminar.

A native of Cameron, Johns holds a B. S. degree from Texas A&M and an M. S. degree in natural science from Oklahoma State University. He has taught physics at Yoe High School in Cameron since the 1955-56 school year.

Included among his scientific awards have been summer science institutes at Texas A & M in 1956, SMU in 1957 and Baylor University in 1958. He is active in PTA work and is a member of the First Baptist Church at Cameron. He resides at his parents' home in Cameron.

Fred T. Johns

Bristol said the Merit Fellowship Program is one of a number of aid - to - education programs sponsored by the Shell Foundation. The Foundation was created in 1953 and by the end of this year, it will have donated more than $6,485,000 in support of education.

MTBA Will Hear Chest Specialist

Dr. E. O. Smith Jr., president of the Milam County Tuberculosis Assn. announced today that Dr. Robert B. Morrison, of Austin, will be the guest speaker at the associations annual dinner meeting Monday night.

Dr. Morrison is a specialist in diseases of the chest.

The meeting will be held at 7:30 p. m. in the Western Room of the Texan Cafe in Cameron.

INTEREST LIGHT THUS FAR IN DOUBLE BALLOT

Interest has been light thus far in the upcoming Tuesday city elections in which three City Council posts, one contested, and a library fund referendum are being voted.

Two ballots, one for the library fund referendum, the other for the Council election, await voters. City Hall voting will be from 8 a. m. to 7 p. m.

And interest is apparently light in the school election where no absentee ballots have been cast since March 18, the first absentee voting date.

Absentee voting has been limited to one vote in city elections, according to City - Sec. Buddy Fuller.

Up for election are three posts, Place 5 being contested by incumbent John A. Smith and J. C. "Jimmy Marek.

Incumbents Starrett Hick - man and E. L. Wied seek re - election for the other two places.

The Library Fund Referendum offers the voter the proposition of voting for or against approving Council authority to establish a $2,500 library maintenance fund. It calls for a special 5-cent per $100 valuation increase to provide the fund. Cost to the average city property owner would be between $1 and $1.50 per year.

In the school board election April 6, three men are running for two posts, including: Sam S. White, and incumbents K. D. "Buster" Griffin and Alton Fuchs.

Graveside Rites Conducted For Bryant Rhodes, 59

Graveside services for Bryant W. Rhodes, 59, were held 4 p. m. Tuesday at the Friendship Cemetery near Buckholts. Green Funeral Home was in charge of arrangements.

Born near Davilla, he passed away in a Dayton hospital Sunday night following a brief illness. He was a pipe fitter for the Union Carbon Co. at Dayton.

He is survived by his wife Mrs Rhodes of Dayton; three sons B. W. Rhodes Jr., W. R. Rhodes and Floyd C. Rhodes, all of Baytown; one daughter Mrs. Jean Olson of Houston and seven grandchildren.

Services Held For O. B. Horstmann

Funeral services were held 3:30 p. m. Tuesday at Cameron First Methodist Church for O. B. Horstmann, 65, former mayor of Cameron and civic and business leader. He died Sunday night in St. Edward Hospital four days after a heart attack.

The Rev. C. A. West, pastor of the First Methodist Church, officiated at the services. Interment was in Oak Hill Cemetery.

Well known as "Biz" to the Cameron community, Horstmann had managed the Cameron Tire Store for the past four years since his brother, August Horstmann, had died. They had founded the business 40 years ago.

Born July 29, 1897, Horstmann was a lifelong resident of Cameron.

He served as mayor of Cameron from 1952 to 1956, being elected after the tenure of A. N. Green, 90, who also passed away in the past week. During then Mayor Horstmann's term, downtown sidewalks and streets were modernized and a program of street numbering was begun.

Following service in World War I, Horstmann returned to Cameron to join with his brother in founding the Cameron Tire Store. He was a member of the American Legion, the Knights of Pythias Lodge, the Masonic Lodge and the Methodist Church.

He served on the board of stewards of the First Methodist Church for a number of years. He also had served as a member of the Cameron School Board.

Surviving are: his wife, Mrs. O. B. Horstmann, of the Cameron home; two daughters, Mrs. Shirley Spillman, Pasadena, and Mrs. Margaret Krueger, New Braunfels; two sons, Layne Horstmann, Midland, and Edward Horstmann, Houston; two brothers Vernon Horstmann and Albert Horstmann; two sisters, Miss Elise Horstmann, Dallas, and Mrs. Helen Sapp, of Madison, Ala.

Green Funeral Home was in charge of arrangements.

News About Milam Farmers, Their Interests, And Activities

County Agents Notes . . .

Swine Men To Attend Program

By J. D. Moore
Milam County Agent

Dr. R. M. Titsworth S. P. F. swine breeder of Cameron and Joe Glaser commercial swine feeder of Buckholts will appear on the program during the swine short course to be held at A & M on April 1 and 2. Two out of state speakers, Dr. Leland Tribble, in charge of swine research, University of Missouri and L. L. Stewart, owner of the world's largest private swine testing station at Frankfort, Indiana, will be featured. Tribble is described as a National Research scientist and authority on feeding problems.

Local swine producers are urged to attend this meeting.

EI&E

By John E. Snell

One of the activities set by the Griffin Chapel community for the Community Improvement Contest Year was for each family in the community to get a bacteriological analysis of drinking water. The purpose of this program is for each individual family in the community to be sure that all water used for drinking is healthy.

Sterile bottles obtained from the State Health Department were issued in the community for the collection of water samples and on Tuesday March 19 the community collected samples. The water samples were submitted to the County Extension Office by Frank Nelson who is chairman of the Griffin Chapel community.

These samples were submitted to the State Health Department Laboratories for analysis to determine whether or not the water contains coliform organisms. A report from laboratories stating that coliform organisms found indicates that the supply is not of good bacteriological quality and may not be safe to be used for human consumption. When organisms of this type are found in a supply, they indicate a condition which might make it possible for the supply to contain disease producing organisms.

A report stating coliform organisms not found indicates that the sample at the time of testing did not contain organisms indicating contamination.

$5,000 Fire & Extended Coverage on your Frame Dwelling in City, $17.33 per year. Call GEORGE CHILDRESS INSURANCE, OXford 7-2112.

Vannoys To Attend '63 Convention At Laredo, April 5 - 6

Mr. and Mrs. Rowland Vannoy of Cameron Livestock Auction, are planning to attend the 1963 convention of Texas Livestock Auction Assn. to be staged at the New Hamilton Hotel in Laredo on Friday and Saturday April 5-6.

The event will feature three business assembly sessions covering all phases of modern livestock auction market operation, a Saturday noon luncheon and closing annual "Progress Banquet" that evening.

In addition, several outstanding social events also are scheduled during the two - day meeting in the colorful border city. Texas and Southwestern Cattle Raisers will host an informal party on the evening of the opening day of the convention.

Mrs. Johnson Speaks To Milano HD Club

The Milano HD Club met in regular session with Mrs. Francis Johnson in charge. Mrs. Lee Keen was hostess.

Eleven members and three new members, Mrs. Curtis Miller, Mrs J. C. Barfield and Mrs. Fredrick James, were present. . .

The next meeting will be held April 4 with Mrs. Ruth Fussell as hostess.

Spring Weather Right In Line For Screwworm

MISSION — Spring weather over most of Texas means livestockmen are facing a busy season when calving, farrowing, shearing, de - horning, and the many other animal husbandry activities are occurring. It could also mean screwworm activity may not be too far in the future, especially if producers are not careful in handling animals and treating wounds, eradication officials state.

The many open wounds, so attractive to the screwworm fly, that now exist because of the normal spring livestock activities make many areas of the state a "vertable tinderbox" for infestation, eradicators warn. They urge producers to carefully treat every wound, whether a small nick or scratch or a large open cut, making certain that the insecticide used gets down in the center of the wound and is not drained away by blood. Spraying livestock with a solution of 0.25 percent Co-ral or .05 percent ronnel (Korlan) every two or three weeks, is also recommended.

Officials warn of the danger of moving screwworm - infested animals, a practice which could help the pest spread quickly into non-infested areas. State regulations prohibit the transportation of livestock before they have been checked for infestation and certified. This applies to livestock being moved from areas south of the screwworm control line into other areas of Texas or the nation.

Every case now being detected is treated as an emergency in an attempt to quickly overwhelm the insect before it can infest other areas. This makes prompt reporting by producers imperative, officials said.

C. G. Scruggs, president of the Southwest Animal Health Research Foundation, has stated it would be traitorous for a man not to report anything he thinks is a screwworm case. A few cases that are not treated and reported at this time could ruin and waste everything that has been done up to now, he said. . .

Reporting Easy When Records Are In Order

Taxpayers who kept good financial records last year should have no trouble preparing their 1962 Federal income tax return, A. P. Andrews, Administrative Officer of the Temple office of Internal Revenue Service, stressed today.

Complete records are especially important, the IRS representative said, to taxpayers who elect to itemize deductions in filing.

Accurate expense records are especially essential if a taxpayer's return is selected for audit.

All records should be retained for as long as they may become material in the administration of any internal revenue law. . .

AUCTION REPORT

Cattle numbered 343, hogs 181, goats 9 and horses one at last week's Cameron Livestock Auction Sale.

Prices paid were:

STEERS		
Good & Choice Fed Steers & Yearlings	21.00	22.50
Common & Medium	19.00	20.50
Fat Cows	14.00	16.00
Canners & Cutters	10.00	13.50
Stocker Cows	14.00	17.50
BULLS	15.00	20.00
CALVES		
Good & Choice Slaughters Calves	22.50	23.50
Common & Medium	20.00	22.00
Culls	17.50	Down
Good & Choice Stocker Steer Calves	27.50	32.50
Hefiers	22.50	25.00
Medium to Good Stocker & Feeder Steers	18.50	21.00

Feeders 40 to 125 lbs.	10.10	13.00

Charles Hollas On U of T Honor Roll

Charles Hollas of Cameron was recently named to Ampla Cum Laude at the University of Texas.

Of the 8,926 students enrolled in the College of Arts, 560 were named to the honor roll. Students making 39 or more grade points were eligible.

Controls Make Work Easier For Farmers

COLLEGE STATION — Electrical control devices now available make possible the substitution of machinery for manpower and are being utilized on dozens of farm jobs, reports W. S. Allen, extension agricultural engineer.

Controls which react to changes in temperature, humidity, pressure, time and light are now available. They can be used to operate heaters, motor driven equipment, lights and other deivces to maintain desired conditions, the engineer explains.

Thermostats and humidistats are used to control electric hotbeds, brooders, ventilating systems and supplemental heaters. Pressure switches which respond to changes in pressure in liquid, air or gas may automatically control electric pumps and air compressors. A form of pressure switch is also used to operate equipment that automatically operates feed grinding and conveying systems, Allen says.

Three types of time controls are in wide use -- time clocks, re-cycling times and timers. Time clocks are used to control, automatically, lights in poultry houses, automatic feeders for poultry, aeration systems and other equipment.

The photo - electric relay control is sensitive to change in light and is used on yard lights; also in poultry houses to control lighting and are adapted for counting operations and many other applications, says the engineer.

Other electrical control devices are float and limit switches, solenoid valves and time - delay and electromagnetic relays.

Allen says such controls are essential items in the design of automatic systems for the farm and home. Systems are now in use in Texas which automatically blend grind and mix ingredients of a grain ration for livestock and poultry and deliver it to the feeders. Prospects are good, he adds, for more varied uses to be developed as automation on the farm and in the home continues.

New Service To Be Offered In Classing Office

A new service will be offered this year by the USDA's Cotton Classing Offices, according to J. B. Russ, Officer In Charge of the Austin Office. . .

It is a micronaire reading service, which makes it possible for a producer to get the micronaire readings returned to him on an individual bale basis. In order to get the service, a gin should make application as early as possible but no later than June 30, 1963. The service will be on a voluntary basis, and there will be a charge of approximately 8 cents per sample. The exact charge will be released by the Department in May.

Since it would be extremely difficult to mike for an individual who may gin at several gins, the service is set up to include all samples from the gins that sign up. A gin may make application and begin the service and may stop the service any time it so desires. However, if the service is discontinued, it cannot be reinstated in the same season.

There appears to be some question as to what a micronaire (or "mike" as it is usually called) reading is and for what purpose the reading is used. To the merchant and spinner, the mike reading is an index to the maturity of the cotton. The degree of maturity in turn indicates to the spinner how the cotton will spin.

Immature cotton is weak and usually not very uniform in character and length. It does not spin well. It is usually indicated by a low mike reading. Generally, cotton that mikes 3.5 and up is normal and most desirable although readings above 5.5 may be rejected for some uses.

Cotton that makes below 3.5 is usually penalized in price by the cotton merchant. The amount of the penalty depends on how low it reads and how much demand there is for the cotton.

A series of meetings with ginners, farmers, and other interested persons is being planned for the near future. Russ will discuss the mike and other services offered by the cotton classing office.

Cotton Report

SOUTHWEST SUMMARY:

Spot cotton trading in southwestern markets was moderate, somewhat slower than a week ago, according to the UDA's Agricultural Marketing Service. Demand was good for the higher White and some of the medium and higher Light Spotted and Spotted grades. Reported purchases in the Area's designated markets for the week ending March 14 totaled 20,967 bales compared with 30,006 bales a week earlier.

Prices were unchanged in designated markets. Loan equities brought farmers from $1.50 to $3.00 per bale very selective qualities. Some interest was shown in contracting new crop cotton; however, activity has been confined mostly to inquiries. Very little acreage was contracted as prices have not been established.

AUSTIN: Planting continued to make good gains in some sections. Seedbeds everywhere are in an excellent state of cultivation. Farmers have already applied record breaking amounts of fertilizer in both solid and liquid forms.

Anticipated acreage in cotton will be about equal to last year except in the Winter Garden where slightly less cotton will be planted.

REPORTABLE DISEASES

Reportable diseases reported during the past week were 59 influenza, two measles and six strep throat, according to the Milam County Health Department.

Other Incomes Reported On '63 Income Tax Return

"Taxpayers who fail to report ALL taxable income for 1962 are liable to be called to account for it. In fact, they may be subject not only to the tax, but also to interest and penalties."

This warning came today from Officer of the Internal Revenue Service in Temple.

Numerous types of income besides salaries and wages must be included in the preparation of federal income tax returns if received.

"While the forms themselves and the accompanying instruction booklets detail several of the most common types of income which must be reported," the IRS representative reminded that interest on savings accounts and Series 'E' U. S. Savings Bonds, tips, and most dividends and profits on sales of real or personal property, are taxable income."

Mr. and Mrs. Henry Hill of Cameron were Sunday afternoon guests of Mr. and Mrs. Ray Green.

The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones
BY THE PRESIDENT OF THE SANTA FE

In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements.

All this money is being used to keep the Santa Fe up-to-date in every way.

As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The *New* Santa Fe Trail."

Here are just a few highlights of the many improvements.

- **2548 new boxcars.**
- **560 Mechanical Temperature Control cars.**
- **550 covered hopper cars.**
- **194 double and triple deck autoveyors.**
- **181 flat cars.**
- **58 new diesel locomotives.**
- **24 hi-level passenger cars.**
- **31 semi-lightweight mail and baggage cars.**
- **Increasing our microwave communication system to 2064 route miles.**
- **Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.**
- **Advancing our piggy-back operations to include joint rail-truck rates.**

And we haven't been standing still up until now. We've invested over a *billion* dollars in progress since World War II. For example:

- **The new cut-off line into Dallas.**
- **Major line relocations in Arizona.**
- **Equipped 3560 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)**
- **Equipped 7745 freight cars with roller bearings.**
- **Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.**

To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.

It is our aim to keep the Santa Fe Trail always *new*.

President

Santa Fe

The railroad that is always on the move toward a better way

How to Get a Deeper View of the News!

If you wanted to choose just one section of a newspaper each week as a quick way to become superbly "informed" —that section could be "Perspective" in The Houston Post.

Just as perspective is the way an artist projects depth into a picture, "Perspective" is the way Texas' greatest metropolitan newspaper projects to readers a deeper view of the week's news each Sunday.

A wide range of topics from world affairs to local politics, art, new books, science, and education are collected and brought into sharp focus weekly in this thought-provoking new Sunday Houston Post section.

"Perspective" is just one more reason why every thinking person will want to read The Sunday Houston Post, Texas' greatest newspaper. Subscribe today.

Rogers Preacher Leaves For Japan

ROGERS — The Rev. Clyde Lee Herring, Pastor of the First Baptist Church of Rogers, left Dallas by jet plane for San Francisco and the Philippine Islands Wednesday to participate in the Japan Christian Crusade.

The Rev. Herring will be stationed in the Philippines most of his time, preaching and working until April 15 when he will leave for Hong Kong. He will go to Tokyo on April 18. He will be gone until the last of April.

Dr. Arthur K. Tyson, president of Mary Hardin - Baylor College in Belton will occupy the pulpit in Rogers for the first four Sundays. On the fifth Sunday, Brian Harbour, student in Baylor University, will preach.

About 150 Texas Baptist preachers and a like number of lay people and music directors will be engaged in this Crusade, which was initiated by the Japan Baptist Convention.

Mrs. J. A. Jamison of Cameron spent several days with her daughter Mrs. Leroy Massengale and Leroy last week.

Workshop Meeting To Be Held Thurs.

A pre - planning meeting on refinishing furniture will be held Thursday 3:30 p. m. at the National Guard Armory.

Mrs. Frances Johnson, County Home Demonstration Agent, will conduct the meeting workshops are to be planned in April for the furniture refinishing.

Anyone interested in participating in the workshops is invited to attend.

Miss Sue Ida Smith of Kingsville and Douglas Harvey of Corpus Christi arrived Sunday due to the death of their uncle Stuart Hartsfield.

Mrs. Hazel Peel of Temple and Mrs. Elbert Broughton of Smithville and Mrs. Daniels of Houston visited in the Elbert Hollingsworth home Wednesday night.

DUSK SHOOTING MADE EASIER

A lot of good shooting is passed up because darkness blots out good gunsight focus.

You can get in quite a few accurate shots even after the light gets dim by touching up the bead of your front sight with white enamel. It will show up clear and bright against the indistinct form of your target.

"CHRIST IN THE GARDEN" is the title of this contemporary work of art entered in the Third Biennial Religious Art Exhibition at Birmingham, Michigan, October 11-25. The figure of the kneeling Christ was created of welded pipe by the artist, Lyndon Fayne Pomeroy, Billings, Montana. Christ's robe is depicted in heat-treated metal to bring out a fabric-like texture. Works of 175 artists from 22 states, Canada, Ireland and Italy are included in the Exhibition.

New Executive Director Hired For State Demo Exec. Committee

AUSTIN — The State Democratic Executive Committee at its meeting here March 16 hired a new executive director, set its budget for the year and heard Governor John Connally outline a concise plan for injecting vigor into the Party.

The new director is J. Pat O'Keefe, an Amarillo educator with extensive sales, organizational and television experience.

A 1940 graduate of the University of Texas, O'Keefe is presently supervisor of technical education and special services at Amarillo College. Since assuming the Amarillo College position seven years ago, he has created a curriculum for technicians in business and industry.

He has also organized and is supervisor of the college's adult education program, which he has built to the second largest in the state, percentagewise.

O'Keefe is scheduled to assume his duties here in mid - April.

In his morning keynote address, Governor Connally called for a vast "Democratic Revival," and laid down a seven - point program including these specific actions:

1. A continuing public information program to familiarize the people with the services performed by government at all levels. 2. Special "Good Government Open Houses" at the county and state level, during which officals would invite the public to view their government at work and 3. A special educational campaign regarding government aimed at the business and professional community in Texas.

Also 4. a revitalized Young Democrat movement to include a "public service intern program," under which outstanding youth would be designated as acting officials on certain days to stimulate their interest in public service careers. 5. Continued vigilance to work toward and encourage intergrity and competence in government. 6. Special meetings in the homes of SDEC members for outstanding young people, to discuss government and politics, and 7. Prompt and detailed precinct organization, down to the block level.

Homecoming Set At Rogers, April 27

ROGERS — Plans are under way for the Rogers biennial homecoming, sponsored by the Rogers Exes Association of Rogers, which will be held this year on Saturday, April 27, at the high school, according to James Wentrcek, president.

The officers are now re - working the 1961 mailing list of Exes. Mrs. Hulon Farrell, secretary, solicits the aid of everyone knowing of changes of address during the past two years of members of their family who live away from Rogers.

Homecoming events usually include a downtown parade, a registration--get together in the school gym, a barbecued dinner, election of officers, etc.

Spring Carnival Termed Success

St. Anthony's Parent - Teachers Club president Mrs. George Hollas and Spring Carnival chairman Mrs. Mildred Hanel called the annual carnival held Sunday a huge success and expressed their thanks to everyone who contributed to its success.

Winners of the prizes were Herman Hoelcher, 100 pounds of beef or $50 cash; Mrs. Henry Dreyer, a transistor radio; Mrs. B. F. Grimes, homemade goose - down pillows; and Miss Anita De La Rosa, a Tammy doll with clothes and canopy bed.

Approximately 500 attended the carnival and food committee reports all food was sold. The Carnival is held to raise funds for school necessities.

Vocations, Library Discussed At Recent St. Anthony Meeting

Two guest speakers, Father Ray Widacki of Temple, Diocesan Director for Vocations and E. A. Perrin of Cameron, member of the board of directors for the Cameron Public Library were featured as guest speakers at the March meeting of St. Anthony Parent - Teachers Club recently.

Father Widacki spoke on vocations. He said children should develop initiatives and be directed by example. Perrin discussed the forthcoming bond issue in support of the $2,500 city fund proposed to maintain Cameron Public Library.

A revised constitution and bylaws was accepted and Club President Mrs. George Hollas appointed Henry Litzman to head a nominations committee for new officers. Officers will be elected at the April meeting.

Refreshment committee members Mrs. Thomas Sheguit, Mrs. Paul Sheguit and Mrs. Joe Simecek served coffee and punch to approximately 40 club members and guests.

Aluminum Output Higher In Feb. 1963 Than 1962

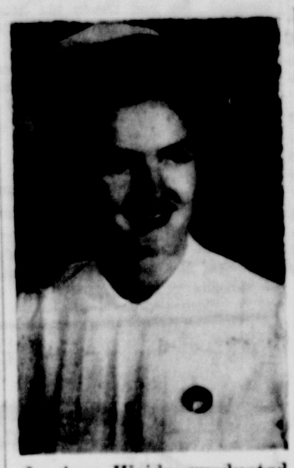
Although United States production of primary aluminum in February declined somewhat from the near - record levels of the previous month, output was more than three per cent higher than in February, 1962, The Aluminum Association announced today. Output during the first two months of this year was better by almost six per cent than in the same period last year.

Output by the nation's seven producer companies last month amounted to 162,978 short tons, down 11.5 per cent from the 184,158 tons produced in January but 3.3 per cent higher than the 157,701 tons produced in February of last year.

Production for the first two months of 1963 totaled 347,136 tons, an increase of 5.8 per cent over the 327,841 tons produced in the first two months of 1962.

October 1962 was the record production month when output totaled 185,190 tons.

The seven producing companies in the United States are Aluminum Company of America, Anaconda Aluminum Company, Harvey Aluminum (Incorporated), Kaiser Aluminum & Chemical Corp., Olin Mathieson Chemical Corp., Revere Cooper and Brass, Inc., and Reynolds Metals Company. Olin and Revere produce primary aluminum through a jointly - owned subsidiary, Ormet Corporation.



Jo Ann Weido graduated from Scott and White Memorial School of Nursing in Temple Friday, March 8. Fifteen students graduated in this class. Miss Weido graduated from Buckholts High School in 1959 and worked at Scott and White Clinic one year then attended Temple Junior College prior to entering Scott and White School of Nursing in June of 1961.

Last Rites For Jim Spaulding

Last rites for Jim Spaulding, 82, were held Tuesday 11 a. m. from the church at Liberty. Rev. A. F. Russell officiated and burial was in the Liberty Cemetery.

Spaulding, former resident of the Liberty community died in Houston early Sunday. He had lived in Milam County until 1940.

He is survived by several nieces and nephews.

Hartsfield Rites Held Here Monday

Funeral services for Stewart R. Hartsfield, 82, were held Monday at 2:30 p. m. in the chapel of Green Funeral Home. Burial was in North Elm Cemetery.

Hartsfield passed away Saturday at St. Edward Hospital. Rev. A. F. Russell officiated. He was born May 15, 1880, the son of W. J. Hartsfield and Sara Frances Ogletree Hartsfield. He was a lifelong resident of Milam County, living in Port Sullivan, Yarrellton and Maysfield Communities.

Surviving are his brother H. H. Hartsfield of Maysfield and a number of nieces and nephews.

Scholarship Follies Set For April 5 At Rogers School

ROGERS — The Scholarship Follies of 1963 will be presented in the Rogers High School gymnasium, April 5 at 8 p. m.

The program is a joint enterprise of the Rogers Parent Teacher Association and Homemaking Department of the high school. The proceeds are used to furnish scholarships to worthy high school graduates to the college of their choice.

The program this year will consist of three divisions, according to Mrs. Woodrow Chervenka, program chairman and Mrs. Floyd Frits, president of the PTA. Homemaking girls will present their annual revue of dresses made in the department. Men will put on a style show and will be dressed in ladies garments and accessories. Ladies will model dresses and accessories of by - gone years -- years prior to 1940. A. A. Kretschmar will have charge of tickets sales; B. F. Harbour of publicity; master of ceremonies; Wayne Cobb will have charge of gym arrangements; Mrs. Myrtle Wood, homemaking teacher, will be "mistress of the stage."

This is the third year of the scholarship program. At this year's program the six former students who were the recipients of the 1961 and 1962 scholarships will be honor guests of the PTA. The students for 1961: Regina Schiller and James Martinez at Temple Junior College; and Johnny Kopecky at the University of Texas. The three from the Class of 1962 are: Charlene Tharp, Mary Hardin - Baylor College; Mary Sweeny and Barney Knight, TJC.

TWU Scholarship Fund $50 Short

The Milam County Chapter, Texas Woman's University Alumnae Association, plans to present a Milam County senior girl a scholarship in May, but they are still short $50 toward a $100 goal.

All chapter members, inactive members and friends are invited to contribute toward this scholarship as soon as possible. Contributions may be sent to Mrs. Andrew Esslinger, treasurer for the chapter in Cameron.

"How romantic . . . a heart shaped pizza pie!"

Junior Play Cast, Crew Honored At Dinner, Dance

The Junior Play Cast, stage crew and director, Mrs. Beatrice Wiese, were honored Thursday night with a supper at the Erwin Wied home.

Mrs. Wied, assisted by Mrs. Jerry Schiller and Mrs. Bill Wallace, served a baked ham supper with trimmings to approximately 25 students. She carried out the theme of the play "A Rocket In His Pocket" with small rocket plate favors and other decorations.

The group was also honored Friday night at a dance given by Mr. and Mrs. Dana Monroe in the home of Mr. and Mrs. Hilliard Thomas. Sandwiches, chips, pickles and punch were served.

IN SERVICE

USS BOSTON (FHTNC) — Bob E. Taylor, machinist's mate first class, USN, son of Mr. R. C. Taylor of Cameron is serving aboard the guided missile cruiser USS Boston, which returned to her homeport, Boston, Mass., Feb. 28, after seven months Mediterranean duty.

The Boston, flagship of Cruiser-Destroyer Flotilla Ten, is now slated for yard work and an overhaul in Charleston Naval Shipyard, Mass.

New Colorful Travel Brochure 'Texas - Today's Fun - tier' Ready

AUSTIN — Tourists unfamiliar with Texas are expected to get an eye - opening look at the state as the result of a colorful new travel brochure released recently by the Texas Highway Department.

The 32 - page booklet, "Texas-Today's Fun - tier", is one of several devices used by the State Highway Department to assist Texas in winning a fair share of the burgeoning national travel market.

"Texas realized $471 million from tourism in 1962, an increase of $31 million over 1961" explained D. C. Greer, state highway engineer. "But the potential is far greater.

"Before our state can command this potential, however, we must overcome some unfortunate misconceptions about Texas. This new brochure is dedicated to this end."

One of the most prevalent misunderstandings is that Texas is all a vast desert, arid and highly uninviting as a vacation land. The new brochure, coupled with the state's first series of travel posters and the holiday - oriented 1963 highway map, punctures this idea.

Together they emphasize Texas as a land of infinite variety with its roots in gaiety and excitement. The concept is embodied in the theme that yesterday's frontier has yielded to "today's fun-tier."

The new line was adopted by the Highway Department's Travel Division after scores of suggestions had been studied and re - studied.

By the same token the promotion campaign was built around findings gleaned from a nation - wide survey.

The study asked prospective visitors what they would least expect to find in Texas. They stressed lakes and rivers, mountains, forests and greenery, beaches and water sports, tall buildings and a cultural atmosphere.

Taking its cue from the replies, the new brochure is filled with 76 full color pictures, most of them devoted to those features the state is not expected to possess yet which it offers in abundance. A case in point are numerous shots of water and water sports, emphasis not out of place since Texas has more inland water than any state except Alaska.

Care has been taken to give equal representation to all parts of the state. As a guide to the uninitiated, the brochure divides Texas into six regions with double page spreads devoted to each.

Another portion discusses the variety of attractions common to the entire state or to more than one region: historical shrines, fine foods, superb accomodations, metropolitan bustle, wide open spaces, international flavor, amusement parks and sports.

There is also a section dealing with hunting and fishing information, highway safety and the extensive tourist services provided by the Highway Department through its mail operation and its eight Tourist Bureaus.

Enclosing the 9 by 12 inch brochure is a bright panoramic cover painted by a Texas artist. It contains several dozen of Texas' better - known attractions, all arranged in an imaginative tapestry woven about the "Today's Fun-tier" theme.

The new book, six months in preparation, will complement the existing "Texas" brochure which the Highway Department brought out in October 1960. Since its introduction nearly 700,000 copies have been printed and disbritted throughout the world.

Like the earlier book, the new publication will be sent on request to persons contemplating Texas visits. Although designed primarily for the out - of - state resident, Texans too are likely to find something new about their state from its pages.

"We have every confidence that tools such as this brochure and its companion pieces will help dispel the gross misconceptions many people have about Texas," said Greer. "And when they find we have something more to offer than desert wasteland, there is every likelihood our tourist industry will attain the stature we expect of it."

Pleasure - Profit Club To Aid In Library Fund Drive

Mrs. H. M. Yager and Mrs. Ernest Dodd were hostesses when the Pleasure and Profit Club met recently.

Plans to aid the library were discussed. The club voted to help in the drive to improve the reading room. The hostesses entertained the group with the game password.

Cherry tarts, coffee and party candies were served. The next meeting will be Thursday (today) at the home of Miss Lois Randolph with Mrs. Willis Looney as hostess and Mrs. Herbert Nance as program chairman.

Births

To Mr. and Mrs. John B. Henderson Jr., a son John Burns III, 7 pounds 15 ounces, born March 20 at St. Edward Hospital. Grandparents are Mr. and Mrs. John B. Henderson Sr. of Cameron and Mr. and Mrs. Louis McCarroll of Rusk.

To Mr. and Mrs. Samuel James Young of Cameron, a son, Samuel James Jr., 7 pounds 12 ounces, born March 21 at St. Edward Hospital.

To Mr. and Mrs. Hansford Woods of Milano, a daughter, Rose Lillie, 8 pounds 4 ounces, born March 24 at St. Edward Hospital.

To Mr. and Mrs. Ray T. Smith of Cameron, a daughter, Inez, 7 pounds 12 ounces, born March 25 at St. Edward Hospital.

To Mr. and Mrs. Eugene Vansa of Rt. 4, Cameron, a daughter, Brenda Jean, 7 pounds 9 ounces, born March 26 at Newton Memorial Hospital.

Schiller Speaks On Industries At B&PW Club Meeting

Edward Schiller Jr. spoke on Cameron's Industrial Foundation at a recent meeting of the Business and Professional Women's Club. Mrs. Lillie McWilliams was hostess.

Miss Hazel Williams, president, presided over the meeting. Mrs. Willie Falkner was program chairman.

A salad plate was served to 11 members and two guests, Schiller and Mrs. Jack Walker of Pleasanton.

Miss Mary Randolph will host the next meeting, April 1.

Mrs. Gunn Hosts March UDC Meeting

Mrs. Ed Gunn was hostess to the UDC March meeting at her home.

Mrs. J. F. McCrory gave the program on the hardships of the women of the Confederacy. In the business session, the district 7 meeting to be held in Cameron in April was discussed.

Refreshments were served.

Club Notes

Plans are now being made for the Cameron Delphian Club Art Show which will be held May 7 at the Methodist Fellowship Hall.

This years show will include crafts in addition to the local artists paintings. Mrs. C. A. West's art classes have generated a tremendous interest in art locally and club members are anticipating an outstanding show this year.

The Three Arts Club will meet Thursday at 3 p. m. in the home of Mrs. A. W. McCullin. The program will be "Cultural Arts." Scheduled for the business meeting are reports from the nominating and projects committee.

The Business and Professional Women's Club will meet Monday evening April 1 at the home of Miss Mary Randolph for their regular business meeting.

Mrs. A. W. McCullin will host the Cameron Delphian Club Tuesday, April 2 at 3:30 p. m. The program will be "New Trends in Education", presented by Charles Zeigler, Supt. of Cameron Public Schools.

CAR STUCK IN LOOSE SAND

Almost as tragic as having your car stall in midstream on a cold day is to traverse some back road and have the wheels of your car sink deep in loose sand.

The more you spin the wheels, the deeper they sink. So, don't do it.

Stop at the first wheel spin, get out, walk to the nearest water, fill a pail, or your hat, then douse water around both rear wheels to pack the sand.

This will enable you to drive out with relative ease.

LOCAL Womens club presidents had an opportunity to see the new furnishings in the Cameron Public Library reading room, which their groups had made possible through donations to the library, when they were guests of the Cameron Delphian Club at a recent meeting.

Personals

Guests over the weekend of Mr. and Mrs. Conrad Jekel, Jr. and Dwight were their daughter and family Mr. and Mrs. Herbert R. Butler and David of Dallas; Mrs. Jekel's brother and family, Mr. and Mrs. Ladis Novotny and sons Bobby Lynn and Billy Charles, Miss Tommie Jo Holm and Charlie Bouska all of Ennis. Also Mr. and Mrs. Dwayne Jekel and son Robert of College Station, Mr. and Mrs. Alton Vybiral of Temple, Mr. and Mrs. Frank Jekel, Mr. and Mrs. Roy Wohleb Sr. and Evelyn of Cameron, Cathryn Absnider, Mr. and Mrs. Lee Roy Orsag, David and Debora all of Austin. Mrs. Louis Denker of Austin spent a week with the Jekels.

Mr. and Mrs. Cecil Plate of Littlefield are visiting in the home of Ray Burke and son. The Plates are former Milam County residents having lived in Tracy.

PM

Jerry Schiller of Cameron and his sister Mrs. Joe Tomasek of Buckholts attended the funeral of a cousin, Joe Dusek, in Elgin Monday.

Mrs. Sapp Hosts Cameron HD Meet

The Cameron Home Demonstration Club met at 2 p. m. Tuesday in the home of Mrs. J. B. Sapp with Mrs. Tom McKinney as cohostess.

Plans are being made for the County - wide HD Luncheon which is to be held May 8 with the Cameron Club as hostess.

Mrs. Frances Johnson, HD agent gave an informative discuss on on "How to get the most from the Food Dollars.

Thirteen members and one guest were present. The next meeting will be in the home of Mrs. Jimmie Angell April 9.

Phillip Hubnik Gets Scholarship

Phillip Hubnik was named to receive an agriculturial Scholarship for his studies at A &M.

The scholarship was given by the Sears Roebuck Foundation.

INTRODUCING

Mr. and Mrs. Pinkie Carter of Livingston announce the arrival of a new son, Andrew Williams Carter, born March 13 at Pope County Hospital. He weighed 7 lbs, 4 ozs. Mrs. Carter is the former Miss Bonnie May Murray of Cameron. Maternal grandmother is Mrs. Tula Jackson of Temple.

Fishing Contest -- Worth $2,500 Set March 30 - 31

Hilltop Lakes Resort City has scheduled a $2500 championship fishing tournament for March 30-31.

The contest is divided into men's women's and children's divisions with prizes being awarded for the largest fish and champion fisherman, taking into account the number of fish caught, their size and method used.

Prizes will be in the form of trophies, cash and merchandise. In addition, there will be a number of tagged fish in Cherokee and Kickapoo Lakes, where the tournament is scheduled, worth valuable extra prizes.

Rules of the contest provide that lures, worms and minnows may be used. Minnows, however, must be purchased at Hilltop Lakes to prevent trash fish and lake contamination. The "biggest fish" contest will be held on March 30 only. Remainder of the tournament is March 31, during the daylight hours until 5 p. m. Prizes and trophies will be awarded at 5:30 p. m. March 31 at Hilltop Lodge.

Bass, crappie, perch and catfish are eligible for the "biggest fish" trophy. This contest will be judged on weight only. Champion fishing will be judged on length, weight, number, equipment, methods and time.

Those entering the fishing tournament must have a fishing permit which may be purchased at a cost of $1 per day at Hilltop Lakes.

"We are holding our fishing tournament for two main reasons," said J. B. Belin, developer of the resort city.

"First, we want to acquaint Texans with this newest spot for fresh water fishing. Second, the lakes are so well - stocked that they are literally bursting with fish. We want people to come and fish 'em out if they can".

In The Service

USS WASHBURN (FHTNC) — John W. Morgan, radioman second class, USN, son of Mr. and Mrs. William H. Morgan of Milano, Tex., is serving aboard the attack cargo ship USS Washburn, a Pacific Fleet vessel which is participating in a major amphibious exercise being held off the coast of Southern California, March 2 through 10.

More than 40 ships of the Pacific Fleet and an estimated 24,000 Marines are taking part in the exercise. It is designed to provide training in anti - submarine operations, amphibious landings, replenishment at sea, mine warfare, aerial surface and sub - surface reconnaissance and Marine operations ashore.

KEEP GUNSTOCK POLISHED

There is no excuse for you to carry around a gun with a dull finished stock when you can keep it glowing a soft luster, with little effort.

Simply crush the meat from half a dozen pecans or walnuts and wrap these crushed nut kernels in a piece of cotton cloth.

Tie the cloth ends securely, then rub wood thoroughly with this oily pad.

Finally, polish the stock to a high gloss with a clean dry cloth.

EGGS ON FOOD LIST

Eggs are featured among the 12 plentiful foods listed for March. Other March plentifuls include potatoes, sweet potatoes, carrots, onions, cottage cheese, pork, cannned and frozen red tart cherries, canned corn, peanuts and peanut products, rice and dry beans. Consumers should find it to their interest to buy and serve plentiful foods often and generously.

FOR SAFETY'S SAKE

Check Medicine Chest

BOTH PRESIDENT KENNEDY and the Commissioner of Foods & Drugs have appealed to all Americans to check their medicine cabinets and throw away all unidentifiable pills. Although this was specifically in connection with the drug thalidomide which has caused babies' deformities, a homemaker should do this several times a year, in order to have up-to-date supplies on hand. Too often the medicine chest is unwisely ignored until it becomes a cluttered assortment of odds and ends. Dr. Robert F. Prindle, director of the Lysol Home Health Information Bureau, gives a checklist of what to keep and what to throw out: 1) Tablet preparations usually are good until the tablets themselves show signs of crumbling or deterioration. 2) Solutions are safe as long as they don't change color and stay clear and free of residue. 3) Medicines in suspension are long-lived, but tend to settle.

Taylor Wins Relays

DUCKS TAKE VICTORY FOR 4TH YEAR

The Strong Taylor Duck track team swept to their fourth consecutive victory in the 28th Annual Cameron Relays as they picked up first place victories in the shot put discus and sprint medley relay gaining 122 points.

Larry Miller took home the high point trophy as he gained 24 points to led his Bartlett team to second place with 68 points.

Llano was third with 62 3-4 points. Georgetown was next with 60 points.

Cameron's only points came as Eugene Schattle placed fourth in the shot put with a toss of 47' 3", his best toss of the year.

Amos Doskocil, Yoe sprinter, pulled a muscle in the semi - finals and was unable to run that night. After a very fast start he pulled the leg muscle about 50 yards out and still placed with a 10.6 putting him second in the semi - finals.

No meet records were broken. The weather was good.

DISCUS —1. Roy Green, Taylor, 149' 10¾"; 2. Calhoun of Hearne; 3. Marak of Taylor; 4. Kent of Rockdale; 5. Pearce of Thorndale; 6. McAlpine of Taylor.

ANN HOLLAS ELECTED PRESIDENT

Ann Hollas was elected president of the Sunshine Bowling League in a meeting last week.

Louise Neal was elected vice-president, Gladys Titsworth was elected secretary - treasurer and Kathryn Jeter was elected Sergeant at arms.

It was also announced that the league will bowl Saturday, March 30 at 7:30 p. m. to make up for a week that was missed when there were too many bowlers absent with the flu.

Cameron Cardinals Start Season With Bryan Here Sunday

The Cameron Cardinals will start their baseball season off Sunday, March 31, when they take on the Lone Star team from Bryan.

The game will be played on Colonel Field and will start at 2 p. m. according to J. D. Sorriano, manager.

He also urged all players to be at the field at 12:30 p. m.

Mr. and Mrs. Allen Dodson were guests of the Sigma Phi Epsilon fraternity of North Texas State University Sunday. They attended the fraternity open house and annual sing - song contest. Their son, Allen Dodson Jr., is a junior at North Texas and president of Sigma Phi Epsilon.

Yoemen Lose 4 - 2

Home Run Wins Game For Ducks

A home run in the sixth spelled defeat for the Yoemen as the Taylor Ducks scored two runs on the slam to win 4-2.

The decisive blow came after the Yoemen had tied the score 2-2 in the bottom of the fourth. The local team scored as Bob Dymke beat out a ground ball to third. Mike Mikula doubled to the fence in right - center and Dymke moved to third. Laurence Laffere hit a single to left center and Dymke scored from third and Mikula came in from second.

Bob Dymke was the losing pitcher as he gave up six hits. He struck out eight. He now has a 1-1 record for the new season.

YOEMEN	AB	R	H
Manley	3	0	1
Dymke	3	1	1
Mikula	3	1	1
Laffere	2	0	1
Taylor	3	0	0

Round Rock Drop Yoemen 10 - 6 In Non - Dist. Game

The Yoemen lost their first baseball game as Round Rock scored one run in the first, three in the third and six in the fifth to win 10-6.

Laurence Laffere was the losing pitcher. However, he was credited with two runs batted in as he homered with Ronnie McWilliams on base.

Mike Mikula hit two doubles and Larry Paul Manley had a double to lead the Yoemen.

Mikula and Billy Don Davenport were both credited with one RBI and Laffere and Eugene Taylor each had two RBIs.

7th Ladies Golf Meet Set For April 16th

April 16 has been set as the date of the 7th Annual Ladies Golf Tournament to be held at the Cameron Country Club.

Mrs. Harvey Jackett is chairman and Mrs. Amy Ford of Cameron and Mrs. Peggy Smith of Rosebud are co - chairmen.

Cameron CYO To Play For Diocese Crown

The Cameron CYO boys volleyball team will meet with 3 other boys teams in the Rosebud gym Sunday to play for the Diocese championship.

The team won the right to represent the Cameron District by going thru the regular eight game schedule undefeated.

The public is invited to attend the games which start at 2 p. m.

The members of the team went to Austin Sunday and played a practice game with the Austin Athletic Club.

Members of the team are Eugene Schattle, Mike Mikula, Ronald Litzman, Robert Moraw, James Barta, Pat Dillon, Dennis Jistel, Joe Mayer and Wayne McLerran. They are coached by James Hollas.

Two Local Area Teams Bowl In Meet

Hefley - Stedman's women bowling team had a 1976 and the Davis Beauty Salon had a 2230 as they made their appearance in the Texas Woman's Bowling Tournament in Waco.

In the doubles Sissy Williams and Gerry Zotz had a 794. Yvonne Yount and Elaine Ellis had an 831.

In the singles Sissy Williams had a 395, Yvonne Yount a 328, Gerry Zotz a 387 and Elaine Ellis a 388.

sports herald

By James Hollas

The Yoemen will enter the Rockdale Relays this Saturday in their last meet before the district meet April 6.

Over thirty schools have entered the Rockdale meet and it should prove to be a good one.

Preliminaries will begin at 2:30 p. m. and finals at 7 p. m. Trophies will be given for the high point man, high point team, the mile relay team and the 440 yard relay team. A watch will be given to the winning coach.

Coach C. T. Everett announced this line - up.

440 yard dash - Doskocil, Hughes Wohleb, Dorner.

880 yard dash - Pavelek, R. Wise.

120 high hurdles - McKinney

100 yard dash - Doskocil, Dorner and Wohleb

440 yard dash - Hughes, D. Jistel

180 low hurdles - McKinney

220 yard dash - Dorner, E. Wallace, Ponder

1 mile run - Kilgore, C. Wise.

1 mile relay - Wohleb, Hughes, Ponder, Doskocil and alternate D. Jistel.

Shot put - Schattle, Koranek

Discus - Koranek

Broad Jump - McKinney, Ponder and Edmonds

High Jump - Lester, Edmonds

-sh-

Last week in the Cameron Relays only Eugene Schattle placed in the meet. Schattle placed his best toss of the year as he hit 47'3".

But a part of the story is not known. Schattle was throwing on a leg that is just healing after a bad infection set in. But it apparently didn't bother him.

And Amos Doskocil placed second in the 100 yard dash semi-finals after he pulled a leg muscle at the half - way mark. He had a very fast start and was ahead when it happened. He apparently slowed down and reached for his leg. Then he took off and finished with a 10.6. That took a lot of guts and brought back reminders of his determined action on the football field.

Doskocil and Coach Everett, of course, hope he can run in the Rockdale Relays Saturday. He started to run a bit Tuesday but was sore and is working it out in the few remaining days before the meet.

-sh-

The Jr. Hi track team is competing in a Jr. Hi. meet in Caldwell Wednesday. The younger boys have been working out during the peroid set aside for them in the morning and then they work out again in the afternoon.

LAFFERE LEADS BATTERS

Laurence Laffere leads the Yoe baseballers with a .429 average at the plate. He is also responsible for team's two home runs and 4 RBIs.

Mike Mikula is second in line as he has an even .400 average. All four of his hits have been doubles and he holds four of the six extra base hits.

Larry Paul Manley has 3 for 9 and a .333 average. Manley has the only other extra base hit, a double.

In the runs batted in department Laffere's four is leading. Eugene Taylor has two and Mikula and Davenport each have one.

Batting averages look like this.

	AB	H	PC
Swanzy	4	0	.000
Mikula	10	4	.400
Michalka	10	1	.100
McWilliams	6	1	.167
Laffere	7	3	.429
Manley	9	3	.333
Davenport	8	2	.250
Taylor	9	2	.222
Dymke	8	1	.250
Dohnalik, L.	2	0	.000
Smith, J. A.	4	1	.250

WONDER SALES COMPANY

230 Ridgewood Ave. New Braunfels, Texas

YOUR FAIR SHARE . . .

Most Texans, we believe, are fair - minded folks. They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share — others, less.

People in 26 out of 29 oil - producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected . . . all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510 — so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

(This ad paid for by Committee for Equitable Development of Texas Oil & Gas Resources, 341 Mellie Esperson Building, Houston 2.)

The Cameron Herald

SINCE 1860

CAMERON OX 7-4671

Herald Editorial Page

Passing Into Our 104th . .

Perhaps we should start counting over, saying 4 instead of 104, The Herald's new volume number.

But since this newspaper has been counting that long, we see no need to change . . . the way we count.

We do, however, see plenty of reason to improve other things and hopeful signs that action is underway to improve them.

The past 52 issues have seen the following in Cameron and Milam County:

-- Realization of a favorable attitude toward industry, not just in hoping for a miracle or another Alcoa, but in creation of by - laws and constitution of an Industrial Foundation;

-- Opening and enlargement of the Elm Creek Farm as one of the major attractions in Texas dairying;

-- Projected plans for a downtown paving program and expansion of paving and sewerline extension throughout Cameron;

-- Increased interest in the library and schools of Cameron, their condition and improvement;

-- Commitment by the State Highway Department to route heavy flow of Waco - Houston traffic through Cameron;

-- Improving highways, both state-federal and farm - to - market, throughout the county, the result of continuing cooperation between property owners, county officials and the State Highway Department;

-- Apparent support for rectifying the Little River channel, which ultimately will serve five reservoirs and bring water to Milam County, either for agriculture or industry;

-- And many other things . . .

We are proud of what we are seeing because it takes so many people working together to do these things.

For the Herald's part, it has not made us any richer or any more friends to have boosted some of these projects.

Nor did it keep us from getting another year older. Contrary to some belief, attempts at prorgess do not "bring down the house." It builds the house up.

But we know, as those who press for progress and as all our readers know, that these things must be done.

All we ask in the 104th year is your encouragement so that we may pass it on to thousands of readers and tens of thousands who they aid and influence.

As we said last year: "If we can continue to do these things, there will be no apologies necessary to some 20 prior editors who brought this newspaper to the mid - twentieth century."

Clay's Group Urges Aid Slash

President Kennedy's committee on foreign aid concludes that a half billion of the anuual $3.9 billion expenditure can be reduced.

Headed by Gen. Lucius Clay, the committee found need for sweeping changes in U. S. foreign aid programs.

The Christian Science Monitor foresaw these changes:

"The 'principles 'of noninterference in the affairs of other nations, of not attaching strings" to American aid should be scrapped. The United States is inevitable drawn into the domestic problems of these countries, and affects them for better or worse, by the very fact of the aid.

"Aid should be given only in ways that contribute to the economic growth of the country concerned. In this sense it has too often been wasted.

"The original purpose of aid should be revived -- to help other countries to help themselves. Therefore certain domestic social and economic reforms, such as requiring people with means to pay taxes, are indispensible, even a prerequisite to aid. Aid should reduce, not enlarge, the social and economic gulf between workers and the well - to - do.

"Aid should not arm unpopular dictatorships against their people, enabling them to repress political change with American police and military weapons."

President Kennedy probably did not fully expect the recommendation for reduction that Clay's committee postulated. The President perhaps hoped for endorsement of present policies. But in Congress, it is more and more apparent that bi-partisan approval awaits some form of foreign aid reduction, phasing out portions of the program which fit too well the weaknesses pointed out in The Monitor's statement.

The President himself has urged acceptance of some of these aid obligations by Western European nations. Thus far, their response has been minimal. And it will continue to be minor until their main business of strengthening the Common Market is complete.

Observers say that the half - billion slash may not be removed, that Administration officials want specific suggestions on what should be cut.

If Clay's committee follows through, it may find the cutting places that foreign aid advocates wish not to find.

The principle of foreign aid is worth defending. But its advocates must admit that too much liberality has created a new enormity . . . that of billions in senseless waste.

'Hi Pardner' Suggested Slogan

By Vern Sanford

AUSTIN — "Hi Pardner" ..... have you suggested a slogan for "The Longhorn State"?

Better get your pencil and paper out and start thinking. Everybody's doing it!

Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State" ..... "Vacation State" ..... and "Texas Has Everything."

Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it, what's wrong with "Hi Pardner" -- the two words we used in starting this column? Sounds like the friendly welcome of a Texan ..... in state or out of state.

Cost of adding a slogan to the Texas tags would run only about $150. Or just the cost of the new dies.

Speaking of license plates ..... a bill by Rep. Ray McNutt of El Paso would eliminate the front tag. Saving to the state -- $400,000 annually.

UP IN THE AIR

Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. Ben Barnes of De Leon got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking $436,000 for the next two years. Commission has been credited by some opponents of the bill with helping create landing strips in smaller communities. Rep. Gene Hendryx of Alpine favored abolishment of the commission.

He said citizens of his town built their own airstrip with $4,000 of local money, without any governmental aid except for the use of some county bulldozers.

Land Commissioner Jerry Sadler protested a bill by Rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard, and the Department of Public Safety to sell all "executive - type aircraft" with more than 260 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office He insisted the State Land Office needs an airplane for aerial surveys of state land.

ANNEXATION COMPROMISE

Municipal annexation bill, passed by the House, is considered a compromise by the Texas Municipal league. Ditto for interested industries -- including the Texas Association of Homebuilders -- that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston and rewritten by Rep. Jerry Butler of Kenedy, were enough representatives to decide the matter for one side or the other.

Several votes indicated the cities might win the right to annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

AUTO INSPECTION DEADLINE

Col. Homer Garrison Jr., director of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

Rep. Terry Townsend of Brady has his say the $1 auto inspection fee will be raised to $2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

CROP INSURANCE

Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical - harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers.

Coverage will be available under economically - priced "escalator" and "step - ladder" forms, as well as "broad form" policies.

Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents, to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kultgen of Waco was his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justin Jr. of Fort Worth. Connally pointed out that this is the first time a Negro had been appointed to the board.

Connally re - appointed to the Board of Corrections J. M. Windham of Livinston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock, Joseph A. Scott Jr. of San Antonio and Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Board of Directors All are Negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Givens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John Hazelwood of Amarillo was re - appointed.

To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re - appointed Harold Hinn of Dallas.

LEGISLATIVE WIND — UP

Governor Connally and House Speaker Byron Tunnell seem to agree that the 58th Legislature should wind up its business before the May 27 deadline. This should please the Legislators. They stop getting the usual $12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here. . .

'63 Inspection Deadline Nears, April 15 Set

AUSTIN — The Director of the Texas Department of Public Safety today reminded the 1,300,000 motor vehicle owners who haven't secured their 1963 inspection stickers that they only have a short time to do so.

Col. Homer Garrison Jr. said that as the April 15 deadline for inspections approaches, waiting lines will begin forming at the 5,000 official inspection stations.

"Under the law there can be no extension of the deadline, and motorists who fail to display the new sticker on and after April 16 are subject to arrest," he said.

Authority for the enforcement of the provisions of the Motor Vehicle Inspection Act is vested in law enforcement officers of the Texas Department of Public Safety, any sheriff or deputy sheriff and any city policeman.

THE OLD PHILOSOPHER

Philosopher Riled Up Over Example Of Washington Interference With Local Affairs

Dear editar:

People are always denouncing affairs, except when they're after a special appropriation, and I would like to cite an example of this type of Washington meddling which I read in a newspaper last night.

According to it, a United States Senator was out in the country a long way from Washington making a speech and he suggested that the people not spend all their time pointing a finger of scorn at the federal government. "The Federal Debt has gone up 15 per cent in 15 years," he admitted, but, he added, "state and local governments raised their gross debts a whooping 332 per cent in the same period. Here is where the real tax problem arises."

This is what I'm talking about. It's not any of Washington's affair how much money we're spending. Don't be trying to change the subject, Senator. What we're talking about is Washington spending, not ours. What we do down here is none of Washington's business. Don't be trying to confuse state's rights with state's debts.

Everybody knows Washington ought to cut its spending, but like everybody else who says it, I'm too busy a man to be telling where. In fact, I've noticed even the economists are too busy to say where. The mark of a good economist these days is not the ability to tell where government spending ought to be cut, but the ability to estimate the national deficit. The best economist these days is the one that comes closest to guessing how far in the red we'll go in the next 12 months.

Meanwhile, it's everybody's duty to keep hollering about Washington spending. Anything to get the spotlight off of things closer to home. This meddling from Washington has got to stop.

Yours faithfully,
J. A.

Mr. and Mrs. D. L. Cryer of Belton were weekend visitors of Mr. and Mrs. Wayne Cryer and family.

Mr. and Mrs. Joe Ralston of Temple spent last weekend here with relatives.

Mr. and Mrs. Thomas Polk of Rosebud are the parents of a baby boy born Sunday morning in Torbett hospital in Marlin.

NEW CAMERON DRUG
CAMERON, TEXAS

36 days that proved Ford's total performance!

RIVERSIDE, CAL. January 20

In a *total* performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.

MONTE CARLO January 23

The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this . . . one Sprint defeated every entrant in the Rallye's six special stages.

PURE OIL TRIALS January 27

In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their *total* performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA. February 24

Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's *total* performance design can endure the maximum in automotive punishment.

...and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the *results* are important to you. ☐ On every slippery surface you need the kind of roadability that placed five Fords out front in the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. ☐ The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, It's built for performance ... total performance!

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Steve Killough, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty - two days from the date of the issuance of this citation, same being the 6th day of May A. D. 1963, to Plaintiff's Petition filed in said court, on the 18th day of March A. D. 1963, in this case, numbered 15,252 on the docket of said court and styled The Citizens National Bank of Cameron, Cameron, Texas, Plaintiff, vs. Steve Killough, Defendant.

A brief statement of the nature of this suit is as follows, to - wit:

A suit on two notes, one for $654.50, dated December 22, 1961, and one for $500.00, dated March 15, 1962, together with interest and attorney's fees and for forclosure on the following described property owned by defendant, to - wit:

One Farmall H, tractor and equipment
One plow, mold board, 3 plow
One Disc, double section
One Farmall Tractor B, FAB 96-988
One McCormich Two Disk Breaking Plow
One McCormick Two Row Planter and disterbutor.
One McCormick Two Row Cultivator
One McCormick Two Row Buster

Attest: Grady Allen Clerk, District Court Cameron, Milam County, Texas. 52-4tc

DON't STALL CAR IN MIDSTREAM

There are few situations more annoying than having your car stall in midstream on a cold wintry day. Not only do you get thoroughly soaked trying to get the car out, get the engine started again.
get the eingie started aIN.

You can lessen the danger of having this tragedy happen to you if you will, before entering the stream, loosen the fan belt so it won't splash water on the spark plubs and the ignition system, or ruin the fan blades by rotating too fast.

Card Of Thanks

We take this means of expressing our sincere thanks to our many friends who willingly shared our sorrow in the loss of our husband and father, Anton Tomasek. We are deeply grateful to those who sent food, flowers or cards. Especially do we thank the Sisters, nurses and doctors at St. Edward Hospital and Rev. F. J. Kostohryz for his kind words.

The family of Anton Tomasek

We wish to express our thanks to all who helped in any way in the death of our loved one. Thanks to those who brought food and flowers and to Dr. S. H. Richardson and Rev. Aubrey Russell.

The family of Roy Terry

10.7 Per Cent More Income In 1962 For Lone Star Gas Company

DALLAS — Lone Star Gas Company and its wholly - owned subsidiaries -- Lone Star Producing Company and Lone Star Gathering Company -- had a consoliated net income of $17,268,033 in 1962, the largest ever attained. This was $1,672,129, or 10.7 per cent more than net income for 1961, according to the annual report to share holders.

After deducting dividends of $88,172 paid on the convertible preferred stock, net earnings applicable to common stock were $1.18 per share, based on 14,547,386 common shares outstanding at the end of 1962.

This compares with $1.07 on 14,523,152 shares outstanding at the end of 1961. The slight increase in the shares of common stock outstanding is due entirely to conversions of the 4.84 per cent convertible preferred stock.

Regular quarterly dividends of 25 cents per share paid on the common stock totaled $14,542,691 for the year. Regular quarterly dividends on the 44 per cent convertible preferred stock amounted to $66,172.

Operating revenues of the companies are derived from the sale of natural gas, oil, gasoline and other petroleum products and were $140,970,938 in 1962. This is an increase of $3,246,880 over 1961.

Revenues from sales of natural gas were $124,338,294, a gain of $5,427,401 over 1961. A portion of this increase is due to additional customers served and a substantial increase in sales to and revenue from industrial and electric generation accounts.

The report pointed out that weather conditions during the 1962 heating season were slightly warmer than in 1961. However, gas delivered through the Lone Star system for a 24- hour period ending on January 19, 1962, set an alltime high. Delivery through the system in this period reached approximately 98.7 per cent of designed pipeline capacity. Gas delivered on that date amounted to 1,853,300,000 cubic feet.

Proceeds On GI Policies Paid Several Ways

A Veterans Administration survey has just revealed that the proceeds of GI insurance policies are often paid to beneficiaries other than that preferred by the Veteran at the time of his death, according to Glyndon Hague, Manager of the Veterans Administration Regional Office in Waco.

"Our insurance people recently sent out microfilm copies of the present beneficiary designations to a sampling of GI insurance policyholders." Hague said, "and the results were really shocking."

Some 49 percent of the beneficiaries were incorrect in some respect, the VA official said, and of that 49 percent, one - third changed the major beneficiary.

"In other words," Hague added, "over one - third of the changes showed that the veteran was paying his hard earned money into insurance policies, but in many instances any similarity between those he wanted to get the insurance and those who would have gotten it, was strictly coincidental."

The VA official emphasized that the agency must pay GI insurance policies to the latest beneficiary of record even though it might be an obvioue injustice to the immediate surviving family.

The strong advice Hague gave veterans was to periodically review their GI insurance beneficiaries and make changes to meet changing family conditions.

Change of beneficiary forms can be obtained from any VA office, he said.

KEEPING BREAD FRESH

Bread is a hard commodity to keep fresh on a camping trip.

You can do so, however, if you will buy bread that is packaged in a plastic bag. Or use your wife's plastic clothes - dampening bag.

Place the bread inside the bag, squeeze out the air, then zipper up the fastener.

This will keep the bread in good

CEREAL GRAIN

The U. S. Department of Agriculture has announced that a derivative of cereal grain, zinc-xanthate, can be used to make premium - grade insulation board. Boards containing 10 percent of the derivative were lighter and one and one - half to two and a half times stronger than commercial insulation boards of the similar density.

Shown here is a group of ministers representing the Cameron Ministerial Alliance which is cooperating with the Rockdale Ministerial Alliance in the "Milam County for Christ" Simultaneous Revivals scheduled for April 7 -14. Reading from left to right, top row, Rev. J. A. Harvey; Emmet Carson; Rev. L. E. Snow; Rev. Kenneth Haley. Bottom row from left, Rev. Dean Oien; Rev. Gene Strickland; Rev. H. M. Bowley; and Rev. A. F. Russell; The message below, "Ready", is designed to be typical of the attitude of all ministers all of the time.

"Ready"

IN THE HEART of every "man of God" is the spirit of readiness to be a friend to the people — to share in joy or sorrow; to counsel, in strictest confidence, about life's problems; and, in every way possible, to serve God on your behalf.

WHETHER YOURS is the "bloom of youth" or the "fading flower" of the passing years; whether you live in a mansion or in a lowly hovel; whether you are learned or unlearned, known or unknown, respected or disrespected; the hearts of these men are enlarged with desire for your well-being — both temporal and eternal . . . . . .

AND WELL MIGHT THEY BE, for they represent Him Who, as He looked upon the multitudes, was "moved with compassion for them, for they were distressed and scattered, as sheep not having a shepherd." Yes, each heartbeat of these "sons of God" and "brothers of men" says, "As much as in me is, I am ready—".

YOURS IS THE PRIVILEGE of inviting them into your home, visiting them in their studies, hearing them in the pulpit. The doors of their hearts are open to you — always! Let the door of your heart be open to them, and to their God and your God!
